

PADESWOOD AND BUCKLEY GOLF CLUB

BUGGY POLICY

Use of Ride-on Buggies on the Golf Course

Introduction

The purpose of this document is to establish a standard for the safe operation of all ride-on buggies operated on the course at The Padeswood and Buckley Golf Club. (The Club).

The document also sets down the criteria to be applied and conditions to be met for their use.

The club has a number of buggies available for hire and they can be booked, in advance, by telephoning the Professional on 01244 543636. Any booking is subject to restrictions that may be imposed owing to the condition of the course. No guarantee can be given that a buggy will be available unless it has been pre-booked.

The Club also allows members and visitors to use their own buggies on the course subject to them obtaining the permission of The Club to do so and meeting the requirements set out in this document.

Qualifications:

In normal conditions there is no restriction on the use of ride on buggies other than in certain areas of the course (see Conditions of Use)

In some circumstances however it may be necessary to restrict their use. (See 'Buggy Restrictions')

Any person who operates a ride-on buggy on the golf course is deemed by so doing, to have the knowledge, training and skill to safely operate this vehicle and be fully accountable for their actions and the consequences thereof.

The safe operation of ride-on buggies on the course requires conscientious application and adherence to the minimum standard of care prescribed by this policy.

Ride-on buggies must be operated in accordance with the requirements of the following documents:

- Golf Buggy Safety Policy
- Golf Buggy Safe Working Practice / Conditions of Use
- Golf Buggy Safety Policy Acknowledgement Form.

The Club reserves the right to refuse permission if all of the conditions stipulated are not complied with.

It is Club policy that if the whole course or part of the course is open, ride on buggies may be used.

In exceptional weather conditions, the Greens Staff or the Professional may determine that unrestricted use of Buggies will or is likely to cause significant damage to the course.

In these circumstances, buggy restrictions will apply.

Buggies will then be permitted, but only to those people who have a disability as defined under the Disability Discrimination Act 1995 and as amended 2005. Such persons must have lodged with the Club Secretary a Medical Certificate (see Appendix A) signed by a registered General Practitioner confirming that they are unable to play a full round of golf without the use of a buggy.

If there are two such persons in the playing group, they must share a buggy.

This policy is subject to review and amendment by the Club Council on a regular basis.

(Last Revised March 2011)

Golf Buggy Safety Policy

The Club has a duty of care to all users of the golf course. The topography of certain areas of the course is such that the user of a ride-on buggy must show caution and prudence. It is also necessary for the Club to provide adequately safe means of access for all golfers including those given permission to use buggies. Moreover, the Club has to ensure the safety of golfers who do not wish to use ride-on buggies but who might be at risk from a mechanically defective ride-on buggy or its careless use. This duty of care also applies to members of the public using any rights of way.

To assist the safe employment of ride-on buggies all potential users (members and visitors) shall comply with the following conditions:

1. Ride-on buggies on The Padeswood and Buckley Golf Club property are only for the use of members, green fee paying visitors, entrants in competitions or other persons so authorised by either the Secretary or the Professional.
2. Ride-on buggies must be operated with the utmost courtesy, care and consideration for the safety and convenience of pedestrians. Pedestrians must be afforded the right-of-way at all times.

3. The signs and instructions employed on the course to warn buggy riders of potential danger areas or, areas forbidden to ride-on buggies because of concerns about danger or, the potential to cause unacceptable wear and tear to the course, must be followed at all times.

4. Ride-on buggies must be operated and parked in such a manner that they do not impede or interfere with normal pedestrian or vehicular flow on roadways, ramps or pavements.

5. Ride-on buggy operators will be responsible for the security of the buggy on the property owned by the Club.

6. The Padeswood and Buckley Golf Club have no responsibility for ensuring the safe operation of ride-on buggies on or beyond the confines of the course and the club car parks and property other than those operated by their servants or agents. The Club will accept no responsibility for any loss or damage caused to any property other than that arising from the negligent use of a ride-on buggy by their servants or agents.

7. No ride-on buggy will be operated in excess of 15km per hour (9mph). All speed limits must be observed. When the ground is wet or muddy or when negotiating narrow bridges or routes, the maximum permissible speed is walking pace 3.3km per hour (2 mph). Operators must however ensure that they drive at the appropriate speed and in the appropriate manner for the prevailing conditions.

8. Ride-on buggies shall be used only between dawn and dusk.

9. Ride-on buggies must be operated in compliance with the common` rules of the road` regardless of whether they are operated on pavements or roadways.

10. Operators must stop the buggy at blind intersections and proceed with caution.

11. The consumption of alcohol and/or the improper use of drugs when using the Ride-on buggy is strictly prohibited.

12.. If in the opinion of The Secretary or Professional a person is in an unfit condition to use a buggy; she/he has the authority to immediately prohibit any such person from using or being carried on a ride –on- buggy. A written report will be submitted to the Club Council. Application for reinstatement of permission can only be made to the Club Council.
